### VT5s TPMS Sensor Activation Tool

#### TPMS Sensor Activation Tool for Domestic and European Resets

- 100% OE TPMS activation up to the latest model year
- Use for TPMS resets on Domestic & European vehicles (manual & auto relearns)
- Perfect tool for those with a second set of wheels or swapping summer & winter tires
- Once technician puts the vehicle into “relearn” mode, use the tool to activate TPMS sensors

The VT5s TPMS Tool activates OE and aftermarket sensors. The tool has the ability to reset Domestic and European vehicles as a standalone tool by activating the sensors as part of the manual or auto relearn process.
